## Truesdell Today

Members of the Palm Beach County Chapter of the American Red Cross who attend the Chapter's annual membership meeting today at 3:00 p. m. at the Regency Club in Palm Beach will hear first hand reports from the European theater of war by Col. Karl Truesdell, Jr. former commanding officer of Morrison Field and James I. Bush, retired New York banker, who spent several months overseas for the Red Cross last year.

Colonel Truesdell is enjoying short leave in Palm Beach after spending a year in England as commanding officer of an 8th Air Force Flying Fortress group.

This group led the first daylight bombing attack on industrial targets in Berlin and distinguished itself by carrying guns and supplies to the front in France before the invasion.

His decorations include the Legion of Merit, the Distinguished Flying Cross with one Oak Leaf Cluster, the Air Medal with three clusters and the Cross of Virtuti Militari, Poland's highest military

Colonel Truesdell was in command of Morrison Field from

### REDISTRICTING

Maybe the county commissioners' association just bought themselves a mess of embarrassing trouble by winning their long sought amendment increasing commissioners terms to 4 years, without staggered terms. The wording of the amendment also has a "shall" in the clause that county commissioners revise districts when populations shift markedly. There is a state census next spring, which will headline the al-

most state wide gross inequalities in county commission districts. Giving examples: Gulf county with a county commission district with only two families in it; Sarasota county with 80 per cent of the people in city of Sarasota; and one commissioner, Pinellas with two commissioners.

People throughout the state are talking rather vigorously for redistricting. What with more talk than in a generation for constitutional revision, with the state senatorial redistricting pointedly thrown at the 1945 legislative by rejection of the redistricting amendment, which would have deferred the showdown until 1955, the whole subject of a re-study, re-shuffle of political representation, of distribution of state and local revenues will be very much on the public's mind during the coming year.

Maybe that Tom Dewey started something other people will have to finish with his "It's time for a change."—Fauler's Florida Letter.

### Cinematic Chatter

By Malcolm Millar

The Sunday-Monday offering at the Prince Theatre this week end should be apothecary of those comedies that hit the support stage out from under the roof, with the vibration of the "belly laughs" of the appreciative audience who will sit through "Hail the Conquering Hero."

Starred in the piece are Ella Raines and Eddie Bracken and features Franklin Pangborn and William Damarest.

I don't need to tell you what Bracken, Pangborn and Damarest will do with this show. When

you've recovered from your lunch, you'll agree with me. . . . It's A Honey of a Comedy!

Well here is a mystery show for you on Tuesday-Wednesday. The play is "Phantom Lady" and the stars are Ella Raines and Franklin Pangborn.

"On the same program, besides the comedy, and about subjects the show carries an interesting "This Is America" subject that is always "the spice of the show."

Thursday-Friday looks interesting with a comedy that should rock the walls of the Prince Theatre. It's the Aldrich family again in one under the title "Henry Aldrich's Little Secret." . . . and what a secret it all turns out to be. . . . One that gets Henry into more hot water than he has been in for some time.

On this same program, in ad-

dition to the news, is an interesting "March of Time" and short subjects.

Each program on the week you will note carries a single feature, with short subjects and the news, to balance it off. Each feature on these programs is of such strength

that they are able to stand alone. I'm sure you are going to get plenty of good theatre for your money left at the cash box. . . . Saturday lists the usual Western epics for the members of the Six Shooters Club. This one being "Cowboy Serenade" and having an all Star Western cast I look for it to be a heavily actioned drama that will keep us in the middle throughout.

Signing off let me remind you of two excellent things to do right now. . . . One support "The March of Time" which is such a humane thing to do. . . . The other is to support the "Florida War Fund" which is such a patriotic thing to carry out.

See you at the movies—Mal.

Under the expanded program of the CAA, a total of 1708 airports were made suitable for commercial truck and feeder lines increasing the potential air transport of the nation seven times, according to an article in the current issue of Aviation News, McGraw-Hill publication.

G. T. Baker, president of National Airlines, was notified last week by the surplus aircraft di-

vision that his company has been allotted four Lockheed C-59s for commercial use and placed in service as quickly as possible.

Aimed at tolerance and understanding between all races and all

creeds, the Miami Round Table of the National Conference of Christians and Jews has launched a membership campaign to secure 1000 members and meet a fiscal quota of \$12,000 for advancement of the work.

**T**HE strain of War Transportation has laid a heavy hand upon the rolling equipment of every bus line. Florida Motor Lines has a regiment of veterans that have gone down fighting—retired from active duty only after the most amazing records in round-the-clock service. They have carried the load through the nation's most trying times.

Now, Florida Motor Lines is happy to be assigned a limited number of handsome, NEW COACHES, designed to meet the demands of tomorrow as well as today. These coaches will help maintain our priceless tradition of dependability . . . serve our patrons with the safety and comfort worthy of their continued loyalty. ## IT'S THE AMERICAN WAY...

**W**HEN dictatorships were faced with the task of distributing food and goods made scarce by war emergencies, they went about it in their typical manner in which the rights of the public were ruthlessly thrust aside.

But we do things differently in the United States. . . . Three years ago, you, your friends and neighbors VOLUNTEERED to tackle the job without pay. After all, you said, we're all in this together, it is up to us to solve these problems together. . . . In the American Way.

Countless hours have been given to eliminate potential injustices; to satisfy, as far as possible, the demands and needs of every one. . . . and in our distinctly American manner, every case has been treated as an individual one

...for after all, that is one of the things we are fighting for—the right of the individual to survive, and not be swallowed by the state.

And so, on this Third Anniversary of the War Price and Rationing Boards, it is fitting that they be given all acclaim for doing one of the necessary, if not pleasant, jobs, of the war in a truly American Way.

## PAYROLL IS 15 MILLION

TALLAHASSEE, Jan. 25. (FNS)—According to figures released by State Comptroller, J. M. Lee, the State's 1944 payroll totaled \$15,332,823. Of this amount a total of \$1,324,151 was withheld for federal taxes. Lee pointed out that it actually cost the State of Florida around \$20,000 to deduct this federal tax and keep the necessary records for the federal government. Lee said he had sent withholding tax receipts to the various departments and agencies for distribution among the 17,061 men and women who were on their payroll last year.

## ASR TRANSFER

TALLAHASSEE, Jan. 25. (FNS)—The Arnold Oil Exploration Company has asked permission by the trustees of the Internal Improvement Fund to transfer their oil lease on 660,000 acres of state owned lake bottom to the Texas Company. Terms of the proposed assignment were not disclosed. The trustees turned down an application of the River Oil Company for an oil lease on 1,384 acres of Suwannee County river bottom at 25 cents per acre.

Mrs. W. V. Unwin left Monday for a visit with her parents in Jacksonville and to be with her mother who is ill.

Rev. and Mrs. C. A. Moberg of Pahokee and Rev. J. R. Heller of

Canal Point are expected to return today from Jacksonville where they attended a Baptist convention.

Mr. and Mrs. G. M. Pool spent Sunday in Everglades City with their son-in-law and daughter, Mr. and Mrs. Joe Jacobs.

Mrs. Ray Burgin of Nashville, Tenn., is visiting friends here and in Miami. Mrs. Burgin is the former Mrs. Christine Cochran.

Pfc. Ellis Wilkinson has reported for duty at a marine base near Key West after spending a 30-day furlough with his parents, Mr. and Mrs. J. H. Wilkinson, Sr., in Pahokee.

Mr. and Mrs. Raymond Caruthers have as their guests this weekend her sister, Mrs. W. M. Gundloch of Jacksonville and her nephew, Billy Gundloch, who is

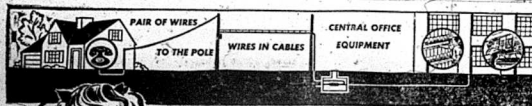

taking a Navy V-12 training course at the University of Miami.

Mr. and Mrs. R. G. Johnson, Jr., have returned from a business trip to Tallahassee.

Mrs. Kate Cross and Mrs. T. Youngblood were visitors in Jacksonville the past week.

Pvt. Charles Wilkinson was recently transferred from Madison, Wis., to Chamute Field, Ill., according to word received here by his parents.

Mrs. Charles Moran recently received two post cards from her son, John Padgett, who has been in a Jap camp for war prisoners since the fall of Bataan. She also received word from the War Department that he had been transferred from a prison camp in the Philippines to one on the main island of Japan.

*It takes a lot more than a telephone!*

The instrument in the home is a very small part of the equipment needed to give telephone service. There must be a pair of wires leading from the house to the pole line, a pair of wires in the overhead cable, and another pair in the underground cable, switchboards and a vast amount of central office equipment.

When we cannot give you service it may be because of the shortage of one or all of these items. Of those persons waiting for service, only about one-third could be served if instruments were available. If you are waiting for home telephone service, we think we know how you feel. You would like it now. And we would like to install it for you now.

But as long as the needs of war have first claim on telephone facilities and until manufacture of equipment in adequate quantity is resumed, we cannot tell you when we will be able to serve you. Your order is important and we promise it will not be forgotten. It will be reviewed frequently and will be filled in its proper turn. That might be some time after final victory.

# NOTICE!

## TO ALL ELECTRIC CONSUMERS OF FLORIDA POWER & LIGHT CO.

By order of the War Production Board, we are hereby notifying each and every person to whom we supply electricity of the terms of Utilities Order U-9.

"\$4500.61 Utilities Order U-9.

(a) PURPOSE OF THIS ORDER. War requirements have created a shortage in the supply of coal and other fuels. The purpose of this order is to save fuels used in the generation of electricity by prohibiting certain unnecessary uses of electricity.

(b) DEFINITIONS. For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, political subdivision, governmental agency or corporation or any organized group of persons whether incorporated or not.

(2) "Electric Supplier" means any person who generates, transmits or distributes electricity.

(c) PROHIBITED USES. No person shall use electricity for any of the following purposes:

- (1) Outdoor advertising and outdoor promotional lighting.
- (2) Outdoor display lighting except where necessary for the conduct of the business of outdoor establishments.
- (3) Outdoor decorative and outdoor ornamental lighting.
- (4) Show window lighting except where necessary for interior illumination.
- (5) Marquee lighting in excess of 60 watts for each marquee.
- (6) White way street lighting in excess of the amount determined by local public authority to be necessary for public safety.

(7) Outdoor sign lighting except for:

(i) Directional or identification signs required for fire and police protection, traffic control, transportation terminals or hospitals; or directional or identification signs for any similar essential public services the lighting of which is specifically certified to be necessary by local public authority. Certification shall be made in writing to the appropriate electric supplier and need not be in any particular form;

(ii) Directional or identification signs using not more than 60 watts per establishment, for doctors and for hotels, and other public lodging establishments.

(d) EXEMPTIONS. (1) Any electric supplier who considers that compliance with this order by the persons whom it supplies directly and indirectly, will not reduce the consumption of coal or other scarce fuels may apply for exemption for the area it serves to the Office of War Utilities, War Production Board, Washington 25, D. C., Ref.: U-9.

(2) The War Production Board may from time to time issue directions exempting designated areas from this order if it finds that compliance within such areas will not reduce the consumption of coal or other scarce fuels in accordance with the purpose of this order.

(e) APPEALS. Any person affected by this order who considers that compliance with this order will work an exceptional or unreasonable hardship on him or who

considers that compliance will endanger public health or safety may appeal for relief to the District Office of the War Production Board for the area in which the consumer is located, Ref.: U-9.

(f) NOTICES. (1) Every electric supplier shall, as soon as practicable, notify by publication or otherwise all persons to whom it supplies electricity for uses prohibited by this order of the terms hereof.

(2) If any electric supplier has knowledge of a violation of this order by a person to whom it supplies electricity, it shall inform the person of the violation. If the violation is continued, the electric supplier shall notify the person in writing of the specific terms of the order which apply and of the penalties prescribed for violation and shall mail a copy of the notice to the District Office of the War Production Board for the area in which the consumer is located, Ref.: U-9.

(g) VIOLATIONS. If the War Production Board determines that any person is using electricity in violation of this order, it may direct the electric supplier serving such person to disconnect service and prescribe the conditions under which service may be reconnected. In addition, any person who willfully violates any provision of this order or who in connection with this order willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment.

(h) EFFECTIVE DATE. The effective date of paragraph (c) of this order shall be February 1, 1945.

Issued this 15th day of January, 1945

Dated this 22nd day of January, 1945.
